

MIDNIGHT

Today we launched Midnight.

And here's how it all happened!

MIDNIGHT

Two Brothers. One Problem.

Unable To Find A Snacking Brand
That Neither Made Them Feel
Guilty, Nor Scared Them.

MIDNIGHT

They chose the harder path.

They could've stayed consumers, but
they chose to become creators.

MIDNIGHT

**Finding the best raw materials
they started their journey.**

MIDNIGHT

They finally formed Midnight.

A brand that's not just better
for you, but also feels good!

MIDNIGHT

And that's how we are here today!
